Uniform fitting date: June 4, 4:00 – 7:00 p.m.

Required Fees Paid to CTA

(Prices subject to change)

Dental I - Program required fees for CPR/First Aid and safety glasses total \$53.50. These items may be paid for through the Skyward system under Family Access by credit/debit or in person in the Student Service Center by check payable to CTA, cash, or credit/debit. Payment is DUE by the second week of school covers:

- American Heart Association BLS (Healthcare level) CPR and First Aid \$50: **CPR will be held on Pre-Arranged SATURDAY's and SUNDAY's, not in class (each student will attend 1 day to complete class)**
 - BLS book
 - First Aid book
 - BLS CPR card
 - First Aid card
 - Personal pocket mask with case
- OSHA Approved Safety glasses \$3.50 each (If student alternates between contacts and prescription glasses, student will need 2 pairs of safety glasses)

Note: *If fees are unpaid by student or if student does not show up for signed up class, student is responsible for obtaining own BLS, First Aid. Examples of Healthcare level CPR/First Aid costs in area are NW Regional Training Center \$112.25 and Red Cross \$145 total.*

Optional Fees Paid to CTA (Prices subject to change)

HOSA (Future Health Professionals formerly known as Health Occupations Students of America): \$20 OPTIONAL Membership – made payable to CTA, due by second week of school. *Strongly recommended for 2nd year Dental.*

WA HOSA Dues and Membership: If student competing for State and National competitions there are additional competition, travel, and hotel fees.

OPTIONAL – Fees Paid to Other Vendors (Prices subject to change)

Dental II

Dental Assistant Registration: \$40 Payable to Washington State Department of Health: Registration is required to work in a dental office in the state of WA. Must be renewed annually for \$21. ** Department of Health may require student to be 18 years of age to register and background check with the state is required.

Dental I/II (Prices subject to change)

- American Dental Assistants Association Student Membership: \$35, add \$10 for professional liability insurance.
- Students successfully completing Dental I and Advanced Dental Program are eligible to apply for 2/3rds of the Dental Assisting National Boards, CDA, (DANB) examination, Oregon Radiology certificate, Oregon Expanded Functions certification.

Note: There are additional costs that occur when applying for the Dental Assistant Registration and the National Certifications.

- Program Sweatshirt: Price varies by style, ordered online

Required Proof of Immunizations and Medical Test

Dental I - The following documentation of current immunization records are required.

Immunizations are requested to be completed **prior** to students starting the Dental program. The immunization record may be completed by one of the following: your family physician, your health care provider or by the Department of Health. You are required to bring a copy of your completed immunization record the first week of school. **If you do not have information concerning your child's childhood immunization (booklets with dates) the student must be revaccinated.**

Immunizations include:

- **DTaP and Tdap** (Diphtheria, tetanus and pertussis) vaccinations are MANDATORY no matter when you have received your last tetanus booster.
- **MMR** (Students must provide proof of 2 MMR vaccines after age 1 year),
- **Hepatitis B** (series of 3 injections must be completed prior to participating in lab activities or contact with patients in clinical training courses)
- **PPD -Tuberculosis Screening (History of BCG vaccination is not a contraindication for PPD testing)**
 - All HCWs (Health Care Workers) must have an annual PPD Tuberculin Skin Test.
 - The PPD test required is a two-step test
 - If the first test is true positive, a physician referral is required, and you may be referred for a chest x-ray, and a consultation with a respirologist. The test results need to be recorded in your health care record. The record should also indicate what treatment, if any, was prescribed as a result.
 - If you have had a positive PPD in the past, do not repeat the test. You will need to consult your physician, and discuss if another chest x-ray is necessary. Again, the test results need to be recorded in your health care record. The record should also indicate what treatment, if any, was prescribed as a result.

The Program needs a note from your physician clearing you of TB (results of whatever test was applied) prior to any student to student contact in lab or student to patient contact in clinic.

Dental II - We have vaccines on file from the previous year.

- TB skin test required annually: PPD (Tuberculosis Screening - History of BCG vaccination is not a contraindication for PPD testing).

Dental I/II - Optional / Highly Suggested:

Flu vaccine / H1N1 vaccine - Students will be having direct contact with members of the community, the flu vaccine is recommended for all healthcare workers.

Mandatory requirement to attend Cascadia Tech Academy: Family medical insurance or student accident insurance.

Note: Student accident insurance is available through your sending high school.
